### President's greetings on ITCN Asia 2004 Exhibition and Conference

Karachi, Pakistan | 06 Aug, 2004

By the Grace of Almighty Allah the fruits of the policies and reforms introduced in early 2000 have started yielding dividends and the country's economy has made commendable progress over the last four and a half years. Our country has staged a broad - based economic recovery and Pakistan is poised for a strong growth of over 6% this year.

The Information Technology and Telecommunications sector has remained a major area of focus of the government and played a role key as a driver of growth. Because of its enormous potential for the creation of jobs for the playing an important role in the country's socio-economic development and improving the productivity of the economy.

I am therefore delighted to learn that the ITCN Asia 2004 Exhibition and Conference is being held from August 9th at Karachi, I consider the organizing of such events as important steps to highlight to the world the opportunities that exist in Pakistan.

I compliment the Ministry of Privatization, Ministry of IT & Telecom and Ecommerce Gateway, Singapore for organizing the event and wish them success in their endeavors.
